DUFF REED FAILS.

One Kentucky Boy Loses Out
At Naval Academy.

Annapolis, Md., Feb. 12.—Fifteen midshipmen of the fourth-class of the naval academy failed in the semi-annual examination and were forced to resign. The Navy department formally accepted the resignations and the delinquents left the institution.

It is understood that a number of other midshipmen have tendered their resignations for like reasons, but these have not yet been accepted by the department.

Those who resigned include: Donald B. Fitch, Louisiana; Chaplain E. Evans and Webster M. Thompson, Virginia; John M. Tildesley, Mississippi; Armistead C. Rogers, Tennessee; John B. Dunbar, Texas; Jonathan D. Reed, Kentucky; Sidney W. Kirtland, Florida, and Clarence E. Des Champs, South Carolina.

A number of others who were not so badly deficient will be given another chance by dropping back into a lower class.

Baptized in Ice Water.

Pittsburg, Pa., Feb. 11.—With thermometer registering four degrees above zero, twenty seven men and women, recent converts to the Mount Zion African Methodist Episcopal church of Brownsville, near here, were immersed in the icy waters of the Monogahela river today. The immersions were witnessed by several thousand persons who shivered on the river bank and huddled close to fires built by small boys. In order to get the ceremony under way it was necessary to cut a hole in the ice. As fast as the converts came out of the water they were wrapped in blankets and driven to their homes.

Apparatus for Benton.

Paducah, Ky., Feb. 12.—Fire fighting apparatus has been purchased by the trustees of Benton, and it will be delivered within thirty days. The outfit consists of a pumping engine, 500 feet of hose, a hose reel, chemical engine and 100 feet of hose and minor equipment. The equipment will be manned by a company of fifteen men, who will be paid for the time they work at a fire. Benton is now rated as a sixth-class town by the insurance bureau, but will be placed in the fifth class as soon as the apparatus is installed.

Charity Tea.

BUSINESS INTERESTS ARE HIT

"Big Business" Considers Itself
a Trustee for the
Country.

Frankfort, Ky., Feb. 12.—Woodrow Wilson expounded his views of democracy to the Kentucky legislature Friday, giving what he termed "a straight democratic talk." He gave his definition of "insurgency," said representative rule was a "system of trusteeship," and gave his ideas of the remedy for alleged irregularities of "big business."

Tonight he spoke at a banquet given by the Woodrow Wilson League of Kentucky at a local hotel. Early in his speech before the legislature Mr. Wilson brought out his idea of "a system of trusteeship," which he said grew out of the power wielded by the "big business" interests in the political world, "by men who could not see farther than across the directors' table."

Charging republican officeholders were guided by these men, he said government virtually resolved itself into a trusteeship.

"These men consider themselves guardians of the country," he said. "They do not believe the judgment of the people is sound, hence the guardianship. At times it is necessary in furthering these interests to prompt artificial prosperity or its reverse. We should not be afraid of threats of the reverse but combat them with facts gained only by as sensitive a knowledge of business as these men have themselves."

"Privilege—this ghost has captured business in this country. No business is free and the whole situation shows an artificial advantage. Business men are afraid to talk and this tremor clutching business is proof of the grip of privilege and fear of it. Our laws of twenty years ago do not fit conditions as they are today. We stand in the presence of a new order of things. Formerly the people were against a change, but now they know it is necessary."

Mr. Wilson said he would not attempt to revolutionize the entire business fabric at once but would try to "clear the channel," give business interests a chance to readjust themselves on the theory that "big business with privilege is bad, but big business properly operated is good."

Mr. Wilson barely touched upon the tariff and that was when defining "insurgents."

Former Judge R. T. Lightfoot, of Paducah, was wedded recently to Miss Irene Fowler and they have gone to Los Angeles, to reside.

BIG MEETING

At First Presbyterian Church
Still On.

As announced by the pastor at the First Presbyterian church, the evangelist services will continue up to and including Wednesday night and probably longer.

Two excellent sermons Sunday were heard by large audiences and there has been no abatement, but rather increasing interest almost from the start.

Sunday night's sermon, from the text "Eternity," was, probably the strongest of the series. Mr. Clift sang as a solo the popular gospel song "Tell Mother I'll Be There," and when a call was made for all who "wanted to go there" not only the Christians of different denominations, but a large number of people who have no church connection went forward and gave their hand to the preacher and the singer and asked the prayers of God's people.

Don't forget the hours of the services, 2:30 and 7 p. m. Everybody welcome.

Republic Today.

Pekin, Feb. 11.—An edict establishing the republic will probably be issued February 13. A statement from the Chinese foreign board says the republicans are harassed by dissensions and are prepared to waive a majority of the proposed modifications; that there is no fear of the transfer of the capital from Peking, although that point has not yet been absolutely agreed upon.
